EDUCATION

FAST (National University Of Computer And Emerging Sciences) **09 2018 – 06 2022**
*BS in Computer Science - **CGPA - 3.18*** *Pakistan*

Punjab College **08 2016 – 06 2018**
*F.S.c - Pre-Engineering - **Percentage - 76%*** *Pakistan*

Talent Science School **08 2014 – 06 2016**
*Matric - Science - **Percentage - 86%*** *Pakistan*

COURSEWORK

- Data Structures & Algorithms
- Operating Systems
- Information Security
- Database System
- Artificial Intelligence
- Web Technologies
- Object Oriented Programming
- Digital Image Processing
- Natural Language Processing
- Software Engineering
- Software Design And Analysis
- Enterprise Systems Development
- Android Development

PROJECTS

Real Time Workout Analysis Using Computer Vision Deep Neural Networks and OpenPose **06 2022**

- Estimate the Pose and help the user to correct it by giving feedback .
- Download

Campus Transport Management System ODOO, XML, CSS, Python, HTML **06 2022**

- It is a transport module of a campus management system that registers a student in the campus so, that he can enjoy transport facility and then assign buses according to the route of the student and then generate challan of the student.
- Download

Picture-Editor-App Flask, HTML, CSS, Bootstrap **05 2022**

- It will take an image from user and will **apply filters of user's choice**.
- Visit Here

Newsletter-SignUp Nodejs, Exptessjs, HTML, CSS, Bootstrap **05 2022**

- When user fill this form it will be a new subscriber to your **MailChimp Audience**.
- Visit Here

Tic Tac Toe Assembly-MASM **09 2019**

- It is a game coded in **assembly language-MASM**.
- Download

Writty Flask, HTML, and Postgres **06 2021**

- It is basically task manager
- Download

JOB

DevnTech **08 2022 – Present**
Associate Software Engineer *Lahore, Pakistan*

- Working as **Backend-Engineer**

SKILLS

Languages: Ruby, Python, Java, C, C++, JavaScript, TypeScript, SQL, NoSQL, R, XML
Developer Tools: VS Code, Android Studio, Intellij Idea Ultimate
Technologies/Frameworks: Rails, NestJS, Linux, GitHub, Odoo, ReactJS, NodeJS, ExpressJS, Git, MongoDB
